

Dear Employer,

Is your organization interested in expanding its workplace diversity, strengthening workplace culture and providing new employee engagement strategies? If so, we can help with that!

Aspire Richmond is excited to announce that we are now a site-partner for MentorAbility Canada which is a national initiative to promote the recruitment, employment, and retention of people experiencing disability.

As a site partner we will be facilitating short-term (from 1 hour to 1 day) mentoring opportunities between employers and people experiencing a disability, along with networking and learning events. The MentorAbility team will facilitate mutually beneficial mentorship opportunities for your staff with a person interested in learning more about careers in your industry or organization. As a participating employer, you will be supported throughout the process by skilled employment professionals and provided with mentorship resources. These short mentoring experiences will be facilitated by our expert vocational coaches.

**MentorAbility is free and there is no expectation of a job offer.**

Become a MentorAbility partner and offer your staff an opportunity to become a MentorAbility mentor!

I have attached additional information concerning the benefits and process of becoming a MentorAbility partner. And please feel free to contact me directly to get more information or enquire about next steps!

Best Regards,

A handwritten signature in black ink, appearing to read "a melnyk", with a stylized flourish at the end.
